### Our Customers say...

"This little restaurant is an amazing place. We Got breakfast here while camping, and next time we aren't going to bring any food to cook so we can just eat here! It was surprisingly cheap, delicious and high quality, and they have pretty good variety on their menu. I will definitely be coming here again."

"I've never had a pork tenderloin sandwich had one here for the first time and it was DELICIOUS!! Also had a juicy angus burger but the tenderloin was my favorite. Great food and great service. I appreciate the fact that everything is cooked to order, don't mind the short wait for hot, fresh food."

"Dad and I have been going there for several years, food is always good and staff is always great! Friendly, helpful, respectful to everyone! Always a good day"
